

NANDHISH N. NUCHINA

CLINICAL RESEARCH | TRIAL SUPPORT | REGULATORY COORDINATION

Windsor, CT | Open to Relocation Nationwide | 860-796-0187 | nandhishn@gmail.com | [Website](#) | [LinkedIn](#)

PROFESSIONAL SUMMARY

Life-sciences and legal professional with a B.S. in Molecular & Cell Biology, hands-on molecular-biology research, and extensive experience maintaining accurate, confidential documentation in procedure-driven environments. Brings research traceability, protocol adherence, data analysis, project tracking, technical writing, and cross-functional coordination to entry-level Clinical Trial Assistant, Clinical Regulatory Coordinator, Study Start-Up, and clinical research support roles. Enrolled in the University of Maryland M.S. in Regulatory Science program.

CORE QUALIFICATIONS

Research Documentation & Traceability | **Protocol Adherence** | **Confidential Records Management** | **Data Quality & Analysis** | **Project Tracking & Status Reporting** | **Regulatory Documentation Fundamentals** | **Technical Writing** | **Cross-Functional Coordination** | **Audit-Readiness Support** | **Molecular Biology Methods** | **Advanced Excel/VBA**

EDUCATION & PROFESSIONAL DEVELOPMENT

M.S. in Regulatory Science **Expected May 2028**

University of Maryland School of Pharmacy | Baltimore, MD | Enrolled; coursework begins Aug 2026

B.S. in Molecular & Cell Biology, Chemistry Minor **Dec 2024**

University of Connecticut | Storrs, CT | GPA: 3.921

Juris Doctor **May 2012**

New York University School of Law | New York, NY

B.S. in Economics; B.S. in Statistics, summa cum laude **May 2009**

The George Washington University | Washington, DC | Phi Beta Kappa

RAPS Foundation in Regulatory Affairs (FRA): Introduction to Pharmaceuticals (May 2026); Introduction to Medical Devices (Jun 2026)

Entry to Regulatory: Introduction to Regulatory Affairs - case-based drafting of regulatory work products (Jun-Sep 2026 cohort; in progress)

Additional Qualification: Connecticut Uniform Bar Examination - Passed July 2025 | UBE Score: 321

RESEARCH EXPERIENCE

Apprentice & Mentor **Jan 2024 - Dec 2024**

UConn iGEM Apprenticeship Program | Storrs, CT

- Performed PCR, restriction digestion, plasmid cloning, and gel electrophoresis on projects addressing water pollutants and toxins while following team protocols and laboratory procedures.
- Maintained laboratory notebooks and documented protocols, experimental observations, and results to create complete, traceable records for team review.
- Trained and mentored students on laboratory techniques and notebook practices, reinforcing procedural consistency and accurate knowledge transfer.

PROFESSIONAL EXPERIENCE

Assistant Clerk I - Accredited **Dec 2025 - Present**

State of Connecticut Judicial Branch, Middlesex Judicial District | Middletown, CT

- Manage high-volume official records, orders, exhibits, and case files with accuracy, confidentiality, and adherence to established procedures.
- Coordinate judges, attorneys, litigants, witnesses, and staff across in-person and remote proceedings; track case progression and communicate status and next steps.
- Review filings, defaults, motions, and requested remedies and prepare judicial documents to support timely, complete case processing.

PROFESSIONAL EXPERIENCE - CONTINUED

Project Manager & Team Lead

Dec 2014 - Aug 2017

Quest Global (RTX Programs) | East Hartford, CT

- Tracked cost and schedule performance and produced recurring EVMS status reports using SAP, EV Tools, Dassian, and WinSight for cross-functional aerospace programs.
- Developed Excel/VBA data-processing tools adopted across teams, improving reporting efficiency, consistency, and data quality.
- Prepared data and technical documentation for Integrated Baseline Reviews, supporting audit readiness and organized responses to reviewer questions.

ADDITIONAL RESEARCH & DOCUMENTATION EXPERIENCE

Student Clinic Participant

Aug 2011 - Dec 2011

NYU Civil Litigation Clinic / U.S. Attorney's Office, Eastern District of New York | Brooklyn, NY

- Researched the Federal Food, Drug, and Cosmetic Act, False Claims Act, and related federal authorities; synthesized complex source materials and factual records into clear written analyses.
- Drafted pleadings, discovery requests, correspondence, and dispositive-motion materials and assisted with depositions, requiring careful document review and factual accuracy.

Legal Intern

May 2011 - Aug 2011

Office of the Connecticut Attorney General, Department of Consumer Protection | Hartford, CT

- Conducted regulatory and legal research and prepared memoranda, discovery, complaints, and case-evaluation materials for consumer-protection enforcement matters.
- Compared factual records with governing standards and identified strengths, gaps, and legal-sufficiency issues for attorney review.

Legal Intern

May 2010 - Aug 2010

Queens Legal Services, Foreclosure Prevention Unit | Jamaica, NY

- Conducted client intake, gathered sensitive financial and hardship information, and prepared complete documentation packages and written responses for attorney and servicer review.
- Represented clients in court-mandated settlement conferences, communicating documented facts and next steps in a high-stakes, client-facing setting.

Volunteer Chat Navigator

Sep 2025 - Present

Statewide Legal Services of Connecticut | Remote

- Triage live chats, identify issues, route users to appropriate legal-aid resources, and communicate clear next steps while safeguarding sensitive information.

ADDITIONAL SCIENTIFIC EXPERIENCE

- Biochemistry laboratory: isolated proteins using ion-exchange and size-exclusion chromatography.
- Organic chemistry laboratory: synthesized and analyzed compounds using TLC, extraction, filtration, recrystallization, and simple, fractional, and vacuum distillation.
- Microbiology laboratory: performed bacterial cell culture in laboratory coursework.

TECHNICAL SKILLS

Laboratory: PCR, restriction digestion, plasmid cloning, gel electrophoresis, chromatography, protein isolation, bacterial cell culture

Data & Software: Excel (advanced), VBA, SAS, Microsoft 365, SAP, EV Tools, Dassian, WinSight, Westlaw, LexisNexis, basic Python

Languages: English (fluent); Simplified Mandarin (HSK 3.0, Level 4 in progress); Kannada (intermediate speaking, strong listening comprehension)
